This highly advanced and patented formula fights toxicity and stagnant waste on the macro level (organs and systems) and on the micro level (bacteria). Even a healthy metabolism creates toxins that need to be neutralized. Poor diet, pollution, and physical and mental stress add to that toxicity.

Cellulite tissue has poor circulation and is starved for nutrients partly because it is laden with toxic, stagnant waste. By combining detoxification and waste removal with special cellulite support nutrients this superior and more complete formula provides a more effective and lasting improvement to your health and appearance.

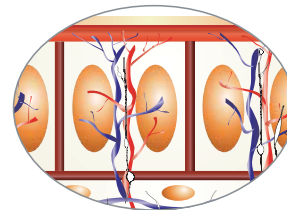

Fat supports metabolism and the conversion of fat into energy

Connective Tissue promotes re-growth of healthy, supple connective tissue

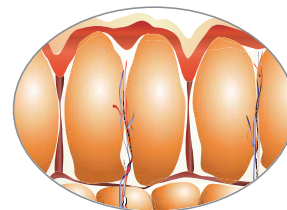

Circulation helps tone and strengthen blood vessels and increase microcirculation

Waste / Toxins supports and strengthens the body's own natural waste removal and detoxification systems
