

CranXact®

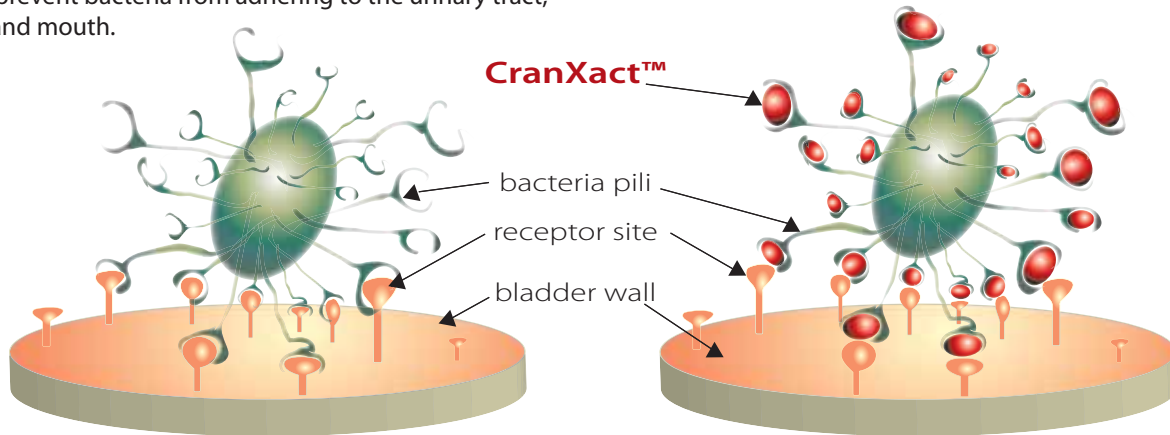

URINARY TRACT HEALTH

Nutritional Supplement - patented**
60 Capsules

Purpose of Formula

CranXact patented** extract contains the active ingredients that help prevent bacteria from adhering to the urinary tract, stomach and mouth.

Receptor sites on bacteria pili bind to the bladder wall. Bacteria can then adhere, colonize and multiply.

The active ingredients in CranXact bind to the E-coli pili helping to prevent bacteria from adhering to the bladder. Bacteria can then be safely flushed from the body during urination.

CranXact is at least 15 times more concentrated in bacteria anti-adhesion activity than other major cranberry supplements on the market.

FAQ

- **How does CranXact keep bacteria from adhering?** The active ingredients in CranXact bind to the E-coli pili helping to prevent bacteria from adhering to the bladder. Bacteria can then be safely flushed from the body during urination.
- **In what areas of the body does CranXact work?** Most specifically the Urinary Tract, Stomach and Mouth.
- **Is CranXact an Antibiotic?** No. Nor does it have any of the side effects of antibiotics, such as compromising the immune system by destroying friendly bacteria (sometimes leading to yeast infections) or creating antibiotic resistant bacteria. While CranXact can help you maintain a more healthy urinary tract with less bacteria build up it is not a substitute for antibiotics during an infection, in which case you should consult your physician.
- **What is CranXact?** A proprietary, patented plant extract.
- **Does CranXact Kill bacteria?** No, it doesn't kill anything.
- **Do I need a prescription for CranXact?** No

Suggested Use

1 capsule in the morning and 1 capsule in the evening, preferably with meals or a glass of water.
